

Meet Danielle. When she first arrived at New Hope, she had just lost her job and had heard that we offer workforce development programs that would enable her to obtain employment with a livable wage. We explained all of the options with her and she wanted to learn about being a forklift operator. Danielle went through all the requirements needed and she obtained her forklift certification. She is now gainfully employed using her forklift certification and looking into the requirements of obtaining the next level of Forklift Certification!

Thank you for supporting our programs that provide people with the opportunity to obtain employment with living wages!

The bricks have fallen down, but we will rebuild with dressed stone; the fig trees have been felled, but we will replace them with cedars. **Isaiah 9:10**
